Dispatch Democrat

VOLUME XXXVI — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY MORNING, NOVEMBER 10, 1905 — NUMBER 52

JUST INJIN THAT'S ALL

Ole Jeff Would Have Change Made in the White Man's Law

By Ole Jeff, Per F. L. White.

Say that Dispatch man, you Seneter, aint it? Well whatz matter you don't get Ingin that new kind law like what white man got?

White man got law, county build-'em bridge, all man on Fairbank side git that bonus kind. County want build'em road, white man cetchem plenty money Cote house, go over that Ban Duzen saloon, whoop'em up some, buy'em plenty tool makem [illegible] lebel, takem dollar bottel in [illegible] an pour bits plasket in poket, come bac tellem every body him good rode, nebber been peel that bump, all same fether bed.

'Now Ingin want some that kind, Marc Gibson law too, him good kind por Ingin, Ingin never get that good kind law. Been try that Prank Albertson kind agent law but nebber sabby that kind, guess him been good law por Prank Albertsen, but Ingin nebber like it.

First year that Prank take crop por that insure, next time takem crop, laud, ebber thing, then wantem all Ingin payem por write deed. Ingin nebber like that kind Albertsen law.

I been think that Marc Gibsen kind more better for Ingin. Pretty hard por Ingin buyem that shabaulma now, that Guidi woman praid for the law, an them Billy Hildreth him com bac dore cuss like h—l say dont care por Ingins bote no more, guess that kind John Ruddoc nebber goin run this time aint it?

Them Johny N'eil him used to be good priend por Ingin, but he praid por that Henry Smith nale up him bac dore, an them O'Neil nebber got that pull por open it, since them Jeff Dick an them Prank White bof gone that folsum prisen.

Say I been hear that White boy talk that big kind talk in that Press paper, well I nebber been see it since it was little boy, when I work up that ole man Page yard, I guess he ben ten, leven, mabe twelve years old, he never do nothen, jest hang on ole woman's dres, an jabber, jabber, jabber, by em by com over an steal my hoe, hang on jabber, jabber, an run home; I been talk that Bob Page bout whatz matter them boy, he said guess nebber got that kind gray matter in hed.

Well what's matter? Maby so don't need that kind for run Press paper. Jist them hang on an jabber, jabber kind, aint it?

Now, Mr. Dispatch man, I'm going to pinish by axen you be sure an try an see if you can't get Ingin some that Marc Gibsen kind law.

NEW CONTRACTS FOR CARRYING MAIL

Harry Lewis, Assistant Superintendent of the Railway Mail Service, with headquarters at San Francisco, passed through Ukiah looking after the mail service in connection with the next general letting of all the star route contracts in California for a term of four years, from July 1, 1906, to June 30, 1910, for which bids will be received at the office of the Second Assistant Postmaster General, Washington, D. C., until 4:30 p. m. December 5th, 1905.

There are some new features regarding the regulations governing the letting of the contracts that will be of interest to the public, the most important is the barring [illegible] lative bidding, and the plac[illegible] service in the hands of the [illegible] ple, that they may receive d[illegible] the government the full am[illegible] for the service, which cha[illegible] the purpose of benefiting [illegible] by improved mail service [illegible]

Under the advertisemen[illegible] will be received or conside[illegible] the bidder agrees that in [illegible] the service is awarded to h[illegible] give the performance of su[illegible] sonal supervision, and live on or contiguous to his route.

All persons are cautioned by the Department not to allow their names to be used as bidders unless they intend to personally perform or supervise the service. Every bidder is required to make oath that the bid is made in good faith and with the intention to enter into contracts to perform service in case said bid shall be accepted. A person subscribing to such oath, but not intending to go into the business of carrying the mails, either in person or by an employee, is guilty of perjury and is subject to the penalties subscribed for such offense.

Bidders must not be less than twenty-one years of age, and carriers of not less than sixteen years of age, of good character and sufficient intelligence to properly handle the mail for delivery.

Carriers are required to deposit and collect mail from boxes established along the route.

Intending bidders before preparing their bids should read carefully the instructions found in the book of advertisements, which can be found at all postoffices; also postmasters will provide you with blank proposals, bonds, schedule of routes, and such other information as may be desired.

Following are a list of routes centering at or in the vicinity of Ukiah:

From Ukiah to Upperlake, 31.50 miles, and back six times a week, May 1 to October 31, and three times a week the residue of the year, bond $1800.

From Ukiah to Mendocino, 51 miles and back six times a week, bond $2500.

From Ukiah to Potter Valley, 18 miles and back six times a week, bond $1500.

From Talmage to Ukiah, 3.25 miles and back six times a week, bond $500.

From Potter Valley to Hulville, 18 miles and back six times a week, May 1, to October 31, and three times a week the residue of the year, with side supply from main line to San Hedrin, 2.50 miles three times a week from May 1 to October 31, in each year, bond $2100.

PAINTER KILLED AT WITTER SPRINGS

J. F. Tunison, a painter from Napa, was killed by falling from a high scaffold Friday afternoon at Witter springs. He was helping to paint the new hotel building when the accident occurred. Tunison was a member of the Napa painters' union, to which he had belonged but a short time. The unfortunate man was subject to epileptic fits and it is presumed it was during an attack of his ailment that the accident occurred. Nothing was known at the springs of his family or relatives. Coroner Mathews, of Lake county, took charge of the remains and a verdict of accidental death was the verdict resulting from the inquest.

A Handsome Picture

H. M. McGregor, traveling passenger agent of the Union Pacific Railway company, was in Ukiah on business yesterday. While here he called at the Dispatch office and left a handsome picture of Gen. Grant and his party at Fort Sanders, Wyoming. It is a half-tone reproduction of a photograph taken in 1867, and is suitable for framing. It shows Gen. Grant, Gen. Sheridan, Gen. Sherman, Gen. Potter and other notables of the party and their ladies. Copies may be secured by anyone who cares to write to S. F. Booth at 1 Montgomery street, San Francisco.

A Good Place For a Poor Man

Tuesday W. H. O'Neil and family left for Santa Cruz, where they will spend the winter. Three years ago Mr. O'Neil landed in Willits with twenty-five cents. This week he left with $800 in gold, which would indicate that this is a pretty good place for a man who is willing to work.—Willits News.

"Sunny Jim" Weller was in town yesterday on his way below to witness the big football game tomorrow. Jim will undoubtedly wish he was in the fray, and his fellow football partisans will miss him too.

The Dispatch's Unique Souvenir Christmas Edition

The Dispatch is to issue a 16-page Souvenir Christmas Edition on December 15th that will be different from anything ever before attempted by a Mendocino County newspaper. It will not be a cheap colored cover with the regular edition inserted, which will be thrown aside after a few minutes' perusal, but will be a paper that will be read and re-read, then carefully put away for future reference.

The early date selected for its publication is to enable advertisers to reap a benefit from holiday shoppers, as nearly two weeks will elapse after the edition is out until the purchasing season closes.

Further announcement of the special features of the Christmas Edition will be made next week.

SERIOUS CHARGE CONFRONTS PAINTER

Harry Hope, who came to Fort Bragg several months ago with a wife and family, was arrested yesterday on a charge of bigamy preferred before Judge Whipple by the mother-in-law of the woman he is now living with. In her charge Mrs. Sundblad states that Hope was married in 1883 to a Mary Hare in San Francisco, and that he had five children by her and then deserted her. He met his present wife in Stockton and was there married to her before a justice of the peace and witnesses in 1896, leaving there immediately.

Her mother could get no trace of her daughter during the ensuing nine years as Hope destroyed her letters home. Four children were born to the bigamist by his second wife and it was on the approach of the last confinment that she wrote a letter to her mother during the absence of her husband and had a neighbor's child post it. This was the first intimation Mrs. Sundblad had of her daughter's whereabouts and she left San Louis Obispo for this city at once, only stopping in San Francisco long enough to procure a copy of the marriage certificate proving a former marriage to Mary Hare.

When making the complaint Mrs. Sundbald asked that the arrest be made in such a manner that Hope could not get at his relatives as they feared violence. He was accordingly arrested as he was coming from the bank where he had been at work painting, and on a search being made later of his house at Noyo a rifle, a shot gun and a revolver were found on the premises. Hope claims that he did not marry the woman who is now posing as his wife, but the woman insists that he did.—Mail.

A Splendid Official

George Lambert, steward at the county hospital, has made the best record for economy of any steward the county has ever had. He knows the value of money and how to save provisions. Both he and his wife have worked faithfully for the county and the taxpayers are reaping the benefit. His administration shows a reduction of about nine cents per capita per day, and yet every one has had plenty. He is a credit to the county, and the Democratic board and to Supervisor Lawson, who so valiantly espoused his cause. May he continue in his good work.

Brunner---Wisecarver

W. P. Brunner, of Redding, and Miss Jessie Wisecarver, of this city, were united in marriage in San Francisco last Sunday. The bride is a niece of Mrs. Henry Hopper, of Ukiah, and had made her home with the Hopper family for many years. The groom is the son of F. Brunner, of this city. The young people will make their home in Redding. The Dispatch joins their many friends in extending congratulations.

Will Have a Fair

The band boys are arranging to give a three-days' fair at one of the opera houses next month. A unique affair is promised, and the dates selected are December 14, 15 and 16. Other particulars will be given later.

CHARLES SILBERHORN IS CALLED HENCE

Charles T. Silberhorn, an old and highly respected rseident of this vicinity, died at his home in Redwood valley Tuesday, after an illness of several weeks. Mr. Silberhorn was a man of sterling character and a host of friends will deeply regret his departure and offer consolation to the bereaved relatives.

Charles T. Silberhorn was raised in New York city and came to California in the year of 1849, and had engaged in various pursuits ever since. He was married in 1844 and lived a happy and unbroken life with his wife, who is now eighty-three years of age, and who survives him. He also leaves two sons, Charles H. Silberhorn, of this city, and John T. Silberhorn, of Folsom, and three daughters He has been a member of the Baptist church for more than thirty years and has lived a faithful Christian life. He was eighty-four years, nine months and sixteen days old at the time of his death. After being unable to speak for several months he passed away. The funeral took place from the Baptist Church in this city Wednesday. The remains were interred in the Masonic cemetery.

Would Rival Burbank

Burbank's new walnut trees, which have been exploited to a considerable extent by the newspapers recently, have a very rapid growth, but Chief of Police DeMerritt, of this city, does not think they outclass the trees at his home. The DeMerritt trees were planted twelve years ago and are now four feet, three inches in circumference, while the Burbank trees are six feet in circumference. Given another two years the Ukiah trees will run up pretty close to the six-foot mark themselves.

Notes From Albion

Albion, Nov. 6.—As it has been quite a while since our little burg has been represented in your paper, we thought we would send in a few lines to let you know that we are still on the map.

The coast has experienced one of the dryest falls for many years, and all the farmers predict a hard winter on cattle and other stock.

Mr. Blanchard met with quite a serious accident on Monday in the mill, having one of his fingers caught in the carriage and severed from his hand. He went to Mendocino for medical treatment.

The steamer Pomo arrived on schedule time last Sunday with freight and passengers.

The Albion school is going to give an entertainment on the 18th of this month for the purpose of getting a flag and a bell for the school. A nice program has been arranged by the teachers and everyone should turn out and hear the little folks.

Mendocino seems quite attractive for Dave and Frank lately. How about it boys?

A good many citizens of this community are making complaints against our roadmaster, Mr. Anderson, for working his boy on the county road, who is not of age. There are citizens here who are of age and are voters, and we think that they should have a chance first.

It seems queer that it takes Ed four days to make the round trip up to Inglenook and back. Schoolma'ms must be plentiful up that way.

Miss Elsie Rowe returned to her home on Albion Ridge Sunday after an extended visit at Greenwood.

Silbey is still at his post, running the cutter on the river, and Dan manufacturing boat ribs.

Dr. Jackson, the Quaker medicine doctor from San Francisco, is showing at the South Side Hotel, and selling medicine to those who are ailing.

US TOO.

Sacred Concert

In the Presbyterian church next Sunday evening, November 12th, beginning at 7:30 o'clock, the following sacred song service will be rendered under the direction of Mrs. M. M. Carothers: Prelude, "Meditation," Anthem, "Crown Him," Sweeny; Duett, "The Voice of Many Waters," Porter, Misses Nina Stout and Bessie Bartlett; Trombone solo with organ accompanment, "Calvary," Mr. Ralph Duncan and Mrs. H. B. Smith; contralto solo, "Resignation," Miss Josie Ames; Selection "Glory Song," the choir; Offertory, "Adante," Schneker. Male Quartet, "Doxology," Messrs. Thomas, Thomas, Joseph and Westerman. Anthem, "Love Divine," Gabriel. "The Angelus," Goddard. Miss Kate Bartlett, organist. The public are cordially invited.

Cunningham---Smith

Lee Cunningham and Miss Lena Smith were married last Sunday evening by Rev. C. C. Thompson. Both bride and groom are well known here and have many friends who wish them a happy and useful life. They will reside in this city, having a neat cottage near the school house. A number of friends called at the cottage Sunday evening and made their presence known by the use of tin cans, etc.

WM. J. WALSH'S PATENT CULVERT

W. J. Walsh, of Miller, this county, has received a patent from the government for a culvert to be used on roads and grades. The device is a splendid one and will probably net the patentee a neat sum. It is one of the best devices yet put on the market and will probably be put into general use before long. In operation the conduit proper receives water from the side at one end and discharges it from the other, while the grating passes surface water into the conduit. Mr. Walsh is to be congratulated upon his invention and the Dispatch wishes him success with the enterprise.

Judge Cooper Buys Big Fresno Hotel

According to Wednesday's Call Judge J. A. Cooper has purchased a valuable hotel property at Fresno. The Call says: The Grand Central Hotel, which occupies one of the main business corners of Fresno, has been sold to Appellate Judge J. A. Cooper of San Francisco for $145,500. Futlon G. Berry, the former owner, has leased the hotel for five years and will continue to run it. Meanwhile Berry will erect on the same business block what Fresno is in need of, a first-class tourist hotel. The new structure will be six stories high and work will begin on it before the end of the year.

Miss Josephs' Concert

The concert given last Friday night by the ladies' aid society of the M.E. Church South proved the musical treat of the season. Miss Joseph, of course, was the star of the evening, an her singing, much as had been expected of her, was a wonderful revelation. Her voice, highly favored by nature, shows a wonderful cultivation and the audience was enraptured with the quality as well as with the artistic expression displayed. Miss Joseph certainly has an enviable career before her. The others on the program were up to their usual high standard, and altogether the concert was a great success.

DR. HOGSHEAD IS COUNTY PHYSICIAN

This Popular Physician is Appointed by the Board of Supervisors

The board of supervisors last Tuesday appointed Dr. John S. Hogshead, of Laytonville, to the position of county physician and superintendent of the county hospital, vice Dr. W. N. Moore, incapacitated.

Dr. Hogshead is no stranger in this community. He left Virginia twenty-four years ago, came to California and located in Ukiah, and has made Mendocino county his home ever since, excepting the four years he spent in the St. Louis Medical College, The writer first met John Hogshead twenty years ago on the "hoe-down" on John Brown's thresher. During the summer months young Hogshead made enough money to carry him thru school during winter. He was ambitious and by diligent study passed the teacher's examination at the age of eighteen and began teaching school. He taught successful schools at Boonville and Albion for a number of years and served with credit on the board of education for a number of terms. He saved his money and went east ten years ago and completed the medical course in the St. Louis Medical College. After graduating he went back to Virginia, was married and returned to Mendocino county and located at Laytonville where he has practiced his profession successfully for five years. He has had a varied practice and stands high in his chosen profession. He has had special training in hospital work, having had charge of the Fort Bragg hospital during the absence of Dr. McCornack, and is peculiarly adapted for the work at the county hospital.

Dr. Rea will continue to officiate for Dr. Moore until December 1st, when Dr. Hogshead will assume charge. The doctor has rented offices in the Heger building and has secured a nice cottage on West Perkins street for his residence, and will move his family here immediately. His appointment was a good one, and the confidence the board of supervisors had in him was exemplified by a unanimous vote.

The Hogshead family was a wonderful one. Twenty years ago the four Hogshead boys were struggling to get on in the world. The four boys now fill honorable positions in the state and have made a success of life. B. L. is a prominent attorney in San Francisco and D. A. is dean of the College of Physicians and Surgeons in the city, and Horace is a successful dentist in Mendocino, and John S. has just been appointed county physician.

In addition to his many other admirable qualities, Dr. Hogshead is a sterling Democrat. The Dispatch predicts a successful career for the Doctor, not only in his public duties as county physician, but also in his private practice.

BAD ACCIDENT ON THE ELK RAILROAD

An accident happened on Elk creek back of Greenwood on the L. E. White Lumber Company's railroad last Saturday, in which the life of J. H. Beal, the store and timekeeper, was nearly snuffed out. In company with Jack Monroe, the fireman, he started to let two or three loaded log cars down a steep spur to the main track, without the aid of the locomotive. Control of the cars was soon lost and a wreck resulted. Monroe jumped and saved himself but Beal stayed with the cars and became mixed up with the cars and logs when the smash came. He was dug out of the debris badly crushed, but is reported as having a reasonable chance for life.

Supervisor Lawson came over from Boonville Monday to attend the meeting of the board of supervisors. He reports his section badly in need of rain and says that stock is suffering for grass and feed.

It is not the price you pay but what you get for the price that determines the value of your bargain.

E. B. Frost and Harry Blodes were assessed ten dollars each for disturbing the peace last week.

The Exact Thing Required for Constipation.

"As a certain purgative and stomach purifier Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives, ''says R. S. Webster & Co, Udora, Ontario, Canada. For sale by J. R. Mathews' Pharmacy.

Herb W. Edwards Injured.

Herb W. Edwards of Des Moines, Iowa, got a fall on the icy walk last winter, spraining his wrist and spraining his knees. "The next day they were so sore and stiff I was afraid I would have to stay in bed" he says, "but I rubbed them well with Chamberlain's Pain Balm, and after a few applications all soreness had disappeared." For sale by J. R. Mathews' Pharmacy.

Dyeing Works Removed

Clark Bailey's Electric Dyeing and Cleaning Works have been removed to one door south of Donohoe & Ganter's, where old as well as new customers will as usual be able to obtain first-class work. tf

For Sale or Exchange

NORTHERN MENDOCINO

Covelo, Nov. 7.—Dan and Wylie English have returned from Ukiah, where they took a band of hogs.

George Potter lost control of his team while returning from Ukiah last week. He was on a down grade when the accident happened. He jumped from the wagon and no great damage was done.

Fred Griffith is now holding down a position in Rudee's store.

J. M. Russell, who has been very sick, is not expected to live very long, the doctor having given up all hopes of his recovery.

Some of our merchants have turned out to be real sports, when it comes to killing small game and domestic animals.

Ben Reyes had his jaw broken last week, a tree falling on him.

Con H. Goldberg and wife, after an absence in San Francisco, have returned to their home in this city.

Rumor has it that there will be several weddings in this community about Thanksgiving and Christmas time.

Charley Hurt has returned from Ukiah with enough money to take the Examiner.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of the prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlargement of prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." E. B. Gibson.

Flour Output

The flour mill had a good average run this year and there will probably be enough flour without importing any from below. They turned out 6,507 sacks; last year the total was 4,170 sacks. Henry Schlater, the miller, will return to San Francisco this week to spend the winter.—Covelo Review.

Aerial Sleeping Room in a Skyscraper.

The loftiest bedroom in the world—that is the unique possession of Colonel Robert M. Thompson, president of the New York Metal exchange, director in half a dozen mining companies and seven banking corporations and a very wealthy man. On the twenty-fifth floor of the enormous Wall street exchange building, some 300 feet above the heart of the financial district, is this aerial sleeping room. When the colonel looks from his window at the little cross on the steeple of Trinity church his gaze has to take a downward angle. There is nothing in New York except the faroff tower of the Times building and the double towers of the Park Row building at which he can take a level look.—Pittsburg Dispatch.

Soft Coal For Warships.

Notwithstanding the experience of the navy with anthracite coal in the past, the navy department will carry out some so called experiments with this variety of fuel in the immediate future. It has been truly said by the older officers in the navy that the battle of Santiago could never have been fought with hard coal in the bunkers of the American fleet. The facility with which steam can be raised with bituminous coal when a sudden emergency arises can never be attained where anthracite coal is employed. Bulk for bulk, bituminous coal will carry a vessel further with less fatigue to the fireroom personnel than hard coal.—Army and Navy Journal.

Rearrange the numbers given in the column, placing them either before or after the syllables in such a way that, reading by sound, certain words may be formed. Examples: 1-der, wonder; phy-6, physic.

Answers: 2-be, of-10, ca-9, cre-8.

A LITTLE NONSENSE.

It Was a Great Speech, Thought Platt's Fellow Student.

The late Senator Platt of Connecticut was more than just an able executive statesman. He was a scholar and a student, with a knowledge of oratory, to mention but a single one of many subjects, second to no fellow member's in the senate. With sound reading and the best of the world's great examples to depend upon, therefore, it is not surprising that he was a hard critic of the art of public speaking. To win Mr. Platt's approval a man must say something, and say it in the best way at that.

"The criterion of oratory in the back districts of Connecticut," he once said, "is not hard to satisfy. I remember when I was studying law how a fellow student came back to the office to tell the quiet old judge, under whose patient eye we were reading, that he had just heard a wonderful speech, made by a local light (and not a bright light either) before a certain magistrate of the peace.

"'Indeed!' replied the judge. 'And what did he say?'

"'I don't exactly remember much, but it was a great speech.'

"'I don't doubt that. But let us hear some of the points that were made.'

"The boy scratched his head for a moment in embarrassed silence and then blurted out, 'I can't repeat a word of it; but, say, he jumped as high as the table every time he raised his voice.'"—Philadelphia Ledger.

This Fire Never Goes Out.

An English magazine says that there are peat fires burning in Yorkshire today which have not been out for hundreds of years. These fires are kept glowing on the cottage hearths from generation to generation, and the son warms himself at the fire which warmed his sire and his grandsire and his grandsire's sire, and which will warm his son and his son's son.

Mixed the Twins.

The mother had just given the twins a bath and put them to bed.

By and by one of them began to laugh.

"What so funny?" asked the mother.

"You made a mistake," exclaimed little Joe, "an' give Fred two baths an' didn't give me any."—Golden Days.

NEWS ALONG THE COAST

MIDDLE COAST HAPPENINGS

Mendocino, Cal., Nov. 7.—John Studebaker who has had the C. D. Flowers place rented for the past year has moved back to Christine. Arthur Knapp has secured the place for the coming year and has already moved onto the place.

Charles M. Morgan and wife, of Washington, are here on a visit to Mr. Morgan's mother.

County Surveyor Randall is in this vicinity running some lines out on Big River.

Bert Kirkwood has gone to Point [illegible] to take charge of the electric [illegible] plant there. Chester Byrnes has taken his place in the plant here.

Johnny Williams had one of his hands badly chewed up among the saws in the edger at the mill last week. He will be unable to work for a while.

Martin Myers, the man who had a load of ties fall on him, is now able to walk around some. He had a narrow escape.

Contractor Biggers expects to have his crew of men at work on the Jack Peters gulch bridge in a few days. The new materials have been hauled and the old structure cleared away, so that everything is now in readiness.

The little daughter of Mr. and Mrs. Ed Jennings, of Comptche, broke one of her arms last week while playing with some companions.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure. You want a remedy that will relieve the lungs and keep expectoration easy. You want a remedy that will counteract pneumonia. You want a remedy that is pleasant and safe to take. Chamberlain's Cough Remedy meets all of these requirements and for the speedy and permanent cure of bad colds stands without a peer. For sale by J. R. Mathews' Pharmacy.

Hopland Happenings

Hopland, Nov. 11.—C. E. Leek and wife made a flying trip to the city Saturday, returning Monday.

Mrs. Wm. Duncan returned Sunday from a week's visit in San Francisco.

Fred Roeder made a short visit to his friends here last Sunday.

A small force of men have been at work at Duncan Springs the past week changing the course of a creek which, until the present time, had flowed into one of the springs. With this change made they will be able to bottle the water all winter.

Mrs. W. W. Thatcher returned from Ukiah last Saturday.

A large force of brick layers are now at work on the new store.

Lumber is being delivered for the building of a cottage for W. W. Thatcher just north of the Catholic church, and the work on the structure will soon commence.

The continued dry spell is causing considerable sickness in our midst. Some of the affected are Bert Thompson, Harry Miller, Bert Morrison and several others.

There is a rumor that Duncan Springs is about to change hands.

W. E. Harvey is having new roofing put on the store occupied by Dooley & Gibson.

M. C. Hubbell returned Sunday from a business trip to the city.

W. S. Alexander and wife, of Napa, were in town the early part of the week.

Turkey raisers are all smiles at the price they are selling the birds for this year; there is more in turkeys than in hops. Robert Sullivan is one of the lucky ones and shipped a lot last week that brot him good profits.

The many fires in the hills surrounding town are causing a cloud of smoke for which we are not thankful.

T. L. Davis has returned home to his ranch from a visit to Napa.

A Card

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough and heals the lungs. Prevents pneumonia and will cure incipient consumption. Contains no opiates and is safest for children. Ask for Foley's Honey and Tar and insist upon having it. E. B. Gibson.

SOME ACCIDENTS IN THE FOG BELT

Alex Powell had his hand badly injured. He had it bandaged up, having met with an accident. While lighting a cigarette the bandage caught on fire, making a painful wound. The hand was dressed at the hospital by Dr. McCornack.

Norvell Haggard, while working in the mill, had one of his fingers badly smashed by a timber falling on it. He was treated at the hospital.

G. Berti, while handling timbers in the yard, had his right hand jammed Thursday, requiring the attendance of Dr. McCornack.

Charles Hendrickson a spool tender in the Noyo woods had the end of one of his fingers torn off Friday. On the same day Louie Rapley cut off two toes with an ax in the woods.—Fort Bragg Advocate.

Favored By Both Parties.

Republicans and Democrats alike praise Foley's Honey and Tar for coughs, colds and all throat and lung diseases, as no other remedy can compare with it. It is safe and sure, F. T. Slater, merchant, 171 Main st., Gloucester, Mass., writes: "Foley's Honey and Tar cured me of a very bad cough which I had for three months though other remedies failed to benefit me. I can highly recommend it for coughs and colds."

E. B. Gibson.

NORTH COAST NEWS BUDGET

Fort Bragg, Nov. 7—Peter Peterson, an old resident, of Fort Bragg, died in San Francisco last week. He had been in the city for the past few years, some time of which was spent in the hsopital there. His death, however, came as a surprise to his friends on the coast. The remains were brought to this city for interment.

Dr. Gardener is now stepping pretty high. His wife presented him with a 12-pound native son last week.

F. C. Jackson, proprietor of the Lourve saloon, was attached last week by numerous creditors.

Louis Rapley was unfortunate enough last week to cut off three of his toes while chopping a knotty log.

Mr. Penwell, father of our fellow townsman Ben Penwell, has been quite seriosuly ill for the past week.

There was born on Oct. 28 to the wife of Frank Leopold a daughter.

C. J. Reilley, a prominent San Francisco capitalist, was here on business last week. He has timber interests in the county and was on a tour of inspection.

When you want a pleasant physic try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no griping or other unpleasant effect. Sold by J. R. Mathews' Pharmacy.

Conntterfeiting the Genuine.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by E. B. Gibson.

POINT ARENA AND VICINITY

Point Arena, Nov. 6.—Supervisor Lane has all his road men out in full force graveling the roads preparatory to winter. John has made a good supervisor, and is trying to give the taxpayers value received for their money.

R. Hoddinott was over from Willits last week on a visit. Upon his return he was accompanied by his brother Harry.

James Maxsinte, of Fish Rock, had his shoulder injured last week by being thrown from a Maud.

Mr. and Mrs. Lew Morse are here on a visit.

W. C. Davidson and family have moved to the city where they will remain for the winter

Hallowe'en has come and gone and only a few gates are missing.

Joe H. Borden, of Gualala, has purchased a fine buggy horse and will now be able to throw dust in the faces of his fellow travelers.

Wm. Jesperson, a well known Point Arena boy, was married to Miss Alice Dippo, of Oakland, on October 25th.

Alfred R. Watkins and Miss Nora E. Dunbar were united in marriage at the home of the bride's sister, Mrs. Hugh Craig, on Oct. 28th.

Fred Rodermaker, while surf fishing near Fish Rock last week, capsized his boat and was almost drowned. He received a bruised shoulder while tussling with the boat.

A number of our townspeople took in the minstrel show given by the Native Daughters of Greenwood. All report a most successful show. On the way back some of our boys ran over A. Stornetti in the dark. No one was seriously injured however.

John H. Tate, for many years associated with the L. E. White Lumber company and for some time president of that corporation, died suddenly Friday afternoon in San Francisco. Deceased had not been feeling well for a few days but was able to attend to his duties. Friday afternoon he was sitting in a chair at his residence and quietly passed away.

"I Thank the Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at Mathews' drug store; 25c.

Mrs. C. M. Hiatt and son Elmer were called to Boonville on account of the sickness of Fred and Fairy McGimsey.

Marion Hale is our new mail carrier from Ornbaun valley to Yorkville. Tesse and Navajo.

Son Lost Mother.

"Consumption runs in our family, and through it I lost my mother," writes E. B. Reid of Harmony, Me. "For the past five years, however, on the slightest sign of a cold or cough I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for colds and coughs. Price 50c and $1; guaranteed at Mathews' Pharmacy. Trial bottle free.

SUDDEN DEATH OF JOHN H. TATE

John Hegeman Tate was [illegible] New York City and 59 years [illegible] of age [illegible] months old. He was a member of the Grand Army and was buried [illegible] afternoon under the auspices of the veterans.

Deceased lived an active life and was a shrewd business man. He managed the city end of the company's business and was one of the best posted men on the lumber trade in the State. His demise will be a great loss to the company.—Point Arena Record.

No Poison in Chamberlain's Cough Remedy.

From Napier, New Zealand, Herald: Two years ago the Pharmacy Board of New South Wales, Australia, had an analysis made of all the cough medicines that were sold in the market. Out of the entire list they found only one that was entirely free from all poisons. This exception was Chamberlain's Cough Remedy, made by the Chamberlain Medicine Co., Des Moines, Iowa, U. S. A. The absence of narcotics makes this remedy the safest and best, and it is with a feeling of security that any mother can give it to her little ones. Chamberlain's Cough remedy is especially recommended by its makers for coughs, colds, croup and whooping cough. This remedy is for sale by J. R. Mathews' Pharmacy.

Lost.—At or near Marks' Opera House Wednesday evening, Nov. 1. 1905, a black fur cape. Finder will please leave at at this office and receive reward.

The New Arrivals

Hardly a day passes but what Wells Fargo & Co.'s Express brings us some of the new styles in Ladies' Coats and Suits from the King Pins of Fifth Avenue, New York.

The difference between our garments and the kind you see in other stores is so great that you can see it at a glance. It is hardly necessary to speak of the quality and prices, but, what we do want to call your attention to, is the style, the hang, the fit and the general make up of the garments. There is a snap in these garments that you don't see in the others.

Shoes That Please

Our Women's Shoes never fail to please the most critical eye. They have a gracefulness and dash of style that all women like.

The shoe is a very important item of a woman's dress, for it enhances or detracts from her entire costume. Shoes to be handsome, artistic and skillfully made need not, of necessity, be expensive shoes.

Look at Our Women's Shoes at

$2.00, $2.50 or $3.00

Prettier or more stylish shoes were never made, and still the prices are not high. We've every shape and model needed for every foot requirement. The new fall styles are beauties.

Remember, please, we guarantee our shoes.

AN ODD REUNION.

Kidnaped twenty years ago by his nurse, James M. Leydon, formerly a driver for the Adams Express company in Chicago, found his father while standing in front of the postoffice at Aurora. Leydon learned some time ago from friends at Aurora that the name "Sly," by which he was known, was not his right name, and, satisfied that he had been the victim of a kidnaping plot, he determined to find his parents. He consulted the city directory of Aurora and tramped the streets for a week, when he saw an aged man enter the Aurora postoffice. A look of recognition passed between them, and the elder rushed toward the youth and after a pause pronounced his name. The elder Leydon then explained how he had stolen his son in the family of Mr. and Mrs. John Sly of Aurora, who had afterward disappeared with the boy. James went home with his father and there found his brothers and sisters. Then he learned that he had lived for twenty years within forty miles of his kin.—Milwaukee Wisconsin.

Two Pussy Windsor Stories.

Pussy Windsor was a well known character in Duxbury and vicinity twenty years ago. He won his sobriquet of "Pussy" when he was a member of a crew on board a fishing smack. On being ordered by the captain to cut a hole in the cabin to make an exit for the cat he obeyed orders by cutting two holes, a large and a small one. When the captain asked him what the small hole was for he replied, "Waal, I thought if the cat was going to have a hole there ought to be one for the kitten."

One day on this voyage a porpoise was caught and hauled on board, and there was some talk among the sailors of its resemblance to a human being. Pussy Windsor studied the features of the porpoise intently for several minutes and then said in a tone which utterly scouted the idea of such resemblance: "Huh! He don't look no more like a human being than I do."—Boston Herald.

Ways of the Interviewers.

Mme. Duse has always had a strong aversion to being interviewed, but the Copenhagen reporters on one occasion were equal to the task. One reporter got a situation as a waiter at the hotel where madame stayed and actually succeeded in serving her at table. Another got a shoemaker of whom she had ordered a pair of boots to allow him to go and take the measure of her foot. A third drove the cab in which she was conveyed from the railway station to her hotel, and a fourth contrived to get put on as an assistant stage machinist at the theater where she acted. All contrived to expand the little bits of conversation they overheard into long "interviews."

Dancing on the Ledgers.

Captain Robert Quinton of the lightship Blunt's Reef says that the chief things that keep back the South American people are cigarettes, conversation and ragtime dancing on ledgers. He explains the reference to the ledgers by saying that instead of using a copying machine, as is done here, to copy a letter or any other document the South American clerk puts the paper to be copied between the carbon sheets in a book, then places the latter upon the floor and dances on it. "It is the funniest sight in the world," he says, "to see all those clerks, every one of them with a cigarette in his lips, dancing upon the books."—Argonaut.

The Rage For Decoration.

The number of those decorated with stars, ribbons, medals, etc., is remarkable in society nowadays. If women still retain the position of being the decorative sex men are certainly the decorated. Orders, medals and so on are distinctly a decoration as a general rule and nothing more. The last thing in the world that they mark is personal distinction. It is a common masculine affectation that titles are accepted mainly to please wives, who have a weakness for being "my ladies." The ribbons, medals, etc., which are not shared with the wives are just as eagerly coveted and accepted.—London Truth.

Maine's Biggest Willow.

The biggest willow in the state is at Norridgewock. It measures twenty-three feet in circumference at the base and has a ponderous spreading top. Its largest diameter is a little more than eight feet. The age of the tree is about 100 years. The tradition is that a man traveling from New Hampshire on horseback stopped to give his horse water there and stuck his whip, which was a small willow twig, in the ground and forgot to take it.—Bangor News.

ALL OVER THE HOUSE.

Instructions For Ridding the House of Bedbugs.

The following treatment will eradicate bedbugs if instructions are followed: Crush half a pound of camphor balls or of gum camphor, put into a demijohn and pour upon it two gallons of alcohol. Cork, shake hard and leave all night. In the morning shake again and violently. Have one or two rooms well swept (always burning your sweepings), then with a syringe spray every inch of the room, especially cracks and the edges of the baseboard. Lift the edges of the carpet and send streams of the destroyer under it. It will hurt nothing. Shut the room up tightly for twenty-four hours, allowing no one to enter. You would better lock the door and clamp down the windows.

When you go in let it be in broad daylight. Should any eggs escape destruction and hatch repeat the process

If persevered in it will rid your premises of the filthy pests within a month. The odor of drugs soon passes away.

To Make Macaroons.

For making macaroons flavored with lemon this recipe will be found of value: Beat the yolks of four eggs until very light with one pound of powdered white sugar, then whisk the whites of four eggs to a stiff froth. Beat into the beaten eggs and sugar the grated peel of one lemon and a half teaspoonful of grated nutmeg. Mix in lastly and in small quantities the frothed whites and six ounces of flour. Roll the mixture into small balls, rub butter over them and lay them on a buttered paper, leaving a space between each. Bake in a hot oven.

To Test Flour.

In the first place, see that it is white with a faint yellow tinge. Then take some of it up in your hand and press it. It will fall apart loosely, not in lumps. Rub some of it between your fingers. It will not feel entirely smooth and powdery, but you will be able faintly to distinguish the different particles. Put a little of it between your teeth and chew. It will crunch a little and the taste will be sweet and nutty, without any acidity—that is, if it is a good bread flour it will do all these things.

Canning Snap Beans.

Take fresh snap beans, string and cut them as if for immediate use. Put a layer of the uncooked beans in the bottom of a crock and sprinkle over them a half cup of salt. Add another layer of beans, then more salt, until the jar is filled, having the salt at the top. Cover air tight. These will keep all winter and taste almost as well as fresh ones in the spring. When ready to use, take some of the beans and soak overnight to get off the superfluous salt. Cook like fresh beans.

Washing Lace Gloves.

Lace or silk gloves should be washed on the hands in tepid water and afterward rinsed in several clear tepid waters while still on the hand. Do not pass the soap through the hands, but always use the sudded water. A drop or two of ammonia in the second and last rinsing waters will prevent the gloves from becoming yellow. These washable gloves should be allowed to dry on the hands. If removed while only partly dry they will stretch out of shape.

Paint Smell Remover.

The smell of paint, which is so injurious to health, is easily removed from a room by standing in it a pail of cold water containing a large handful of hay or a cut up onion or two. The water alone would answer the purpose, but not so quickly as with the addition of the hay or onions. Leave the pail in the room for some hours, and then if the painty smell still lingers throw away its contents, fill it as before and leave it again to finish its work.

Delicate Lace Collars.

Do not wash these. Sew them carefully on to pieces of white cotton cloth and dip into a little benzine. Squeeze out into the hand once or twice and dry in a towel. Then put them out in the air to let the smell evaporate. When quite free of this iron carefully. Then remove from the calico.

Care of Brass Bedsteads.

Brass bedsteads should be dusted with a soft cloth every day, and if the brass looks soiled rub it with a cloth slightly moistened with sweet oil and then polish it with a chamois leather.

Antirust Paint For Iron.

Good varnish with enough red lead ground in oil to make it work like paint. The less rust there is on the iron to start with the better satisfaction you will have.

CONDENSED STORIES.

Seth Bullock's Clever Scheme to Secure Free Refreshment.

How Seth Bullock, superintendent of the Black Hills forest reserve, personal friend of the president and not infrequently a guest at the White House and a noted western character, managed to secure a fancy drink in the early days of Helena, is told by a resident of that city, now of this.

It was in the early sixties, when Helena was one of the banner placer mining camps of the west and gold was being washed by hundreds of men from the sands of Last Chance gulch (now Main street). Bullock wanted a fancy drink and did not care to remunerate the bartender with a fancy price in lieu, so he evolved a plan which worked to perfection.

Entering the saloon, Bullock said: "G—, I'll tell you what let's do. If

"HOW DID YOU GET IN?"

you will furnish the sherry I'll furnish the fresh eggs and we will mix up a drink that is out of sight."

As eggs were worth $2 a dozen, the liquor man decided that it was a good bargain, although wine was also sold at a stiff figure in those days. Then Bullock went into a grocery store near by and said to the proprietor:

"W—, if you will furnish the eggs I'll furnish the sherry, and we will have something worth while in the line of fancy drinks."

The grocer agreed to furnish the eggs, and a few minutes later both entered the liquor house. The concoction was duly prepared and the three began to absorb it.

As Seth swallowed his share an idea struck the bartender.

"Say," demanded he, turning upon Seth, "where do you come in on this game anyway? W— has furnished the eggs and I have supplied the liquor. How do you get in?"

"Oh, I'm the promoter," replied Bullock with a smile.

There was nothing left to say.—Washington Post.

Good Eyesight.

The best eyesight is possessed by people whose lands are vast and barren and where obstacles tending to shorten the sight are few, says the Philadelphia Record. Eskimos will detect a white fox in the snow at a great distance away, while the Arabs of the deserts of Africa have such extreme powers of vision that on the vast plains of the desert they will pick out objects invisible to the ordinary eye at ranges from one to ten miles distant.

Among civilized people the Norwegians have better eyesight than most if not all others, as they men generally fulfill the necessary conditions.

ALL OVER THE HOUSE.

To Protect the Piano From the Effects of Summer Humidity.

Humid days, several in succession, will have a marked effect upon a piano if measures are not taken to dry it at the first opportunity. As soon as the sun shines open the instrument wherever there is a lid that the damp it has absorbed may have a chance to escape. Otherwise the tone will be muffled, the keys will stick and other annoying defects will be occasioned.

If an apartment is to be closed while the family is away for a two weeks' vacation do not be satisfied with just shutting down the lid. Clean the instrument first thoroughly. Then when it is used again it will not require a tuner and a cleaner.

Next remember that there is a good deal of felt within that moths like. Get the old fashioned camphor, make a small bag, and after filling it with the gum hang it inside the case if the piano is an upright or lay it down if it is a grand. Over the wires run a pad of several sheets of tissue or newspaper to absorb dampness, preventing the wires from rusting, and over the keys put several more sheets of white tissue paper, which will not only help to keep the keys clean, but will keep them from turning yellow. Then cover entirely with a flannel sheet.

To Break Glass Evenly.

If you want to break off a glass jar or bottle quite evenly soak a piece of string in turpentine and tie it around the glass just where you want the break to come. Then fill the glass up to that point with cold water and set fire to the string. The glass will snap all along the heated line. N. B.—By breaking off the top of a broken and battered decanter may, if the base be intact, be converted into a useful sugar basin or fruit dish.

A Lasting Glue.

To make glue that will last for ever break some pieces of glue and put them in a bottle with some gin. Cork tightly and set aside for few days, during which the glue will dissolve. This should be ready for use at any time, except in cold weather, when it may be necessary to place the glue bottle in water for a few minutes before using its contents.

Rules For Preserving.

In making preserves the following are excellent rules to observe: First, the fruit must be gathered in sound; it must be carefully skimmed with a wooden spoon to prevent darkening; third, it must be slowly boiled before adding sugar and quickly boiled after, and, fourth, it must be put in well dried pots and kept in a dry, airy place.

Folding Tablecloths.

Tablecloths look much better if there is no fold, except down the middle of the table. To keep a cloth thus it must be pulled very even before ironing and then ironed very carefully and very dry on both sides. Then, with a fold once, not creased, it may be rolled around rolls of paper kept for the purpose.

Red Pepper Catchup.

Take one dozen red peppers, one quart of vinegar, two tablespoonfuls of grated horseradish and four sliced onions. Boil ten minutes, then strain. Add one teacupful of brown sugar, one ounce of celery seed, one ounce of mace and one pint of cider vinegar. Boil one hour and bottle.

Bacon Dipped In Eggs.

Beat eight eggs into a batter, a little cream and flour, fry some thin slices of bacon and dip them in it. Lay the bacon in a frying pan and pour the batter over them. When one side is fried turn and pour more batter over them. When both sides are of a good color lay them on a dish and serve hot.

Cement For Pottery.

Mix a small amount of plaster of paris with a little water and add an equal amount of white lead. Mix thoroughly together and apply to the edges of the cover. Bind the pieces together and let dry for two days or more.

Beware of Creosote.

Creosote should never be put into a hollow tooth for toothache. It relieves pain, but inevitably destroys the substance of the tooth itself, which breaks away soon after, leaving only the stump.

Tomato For Ink Spots.

For removing ink spots from white goods nothing is better than a sweet ripe tomato mashed down on the spot and laid in the sun for awhile, not staying long enough to dry up.

Tea Stains on China.

A pinch of common soda rubbed on with the finger will remove all tea and other stains from cups, saucers and all china or earthen dishes.

Order to Show Cause

IN THE SUPERIOR COURT OF MENDOCINO County, State of California.

In the matter of the Estate of Benjamin S. Colwell, deceased.

Order to show cause why order of sale of real estate should not be made.

John Taylor, Administrator with the will annexed of the Estate of Benjamin S. Colwell, deceased, having on the 12th day of October, 1905, presented and filed in this Court his petition for an order of sale of all the real property of said decedent situate in Mendocino county, State of California, and described as an undivided ½ interest in Lots 3, 4, W. ½ of SW. ¼ of Section 5; Lots 1, 2, 3, 4, 5, 6, E. ½ of S. W. ¼, SE¼ of Section 6; Lot 1, N½ of NE¼ of Section 7, NW¼ of NW¼ of Section 8; S½ of Section 29, N½ Section of 32, all in Twp. 12 N, R 15, W, M. D.M. Lots 12, 19, 20, SW¼ of SE¼ of Section 31, E. ½ of S. W. ¼, S. W. ¼ of SE¼ of Section 32, all in Twp. 13 N, R. 15 W., M.D. M.; at private sale, for the purposes therein mentioned, and it appearing to the Court therefrom that it is necessary to sell said property in order to pay the debts outstanding and the debts, charges and expenses of administration, and also that it is for the advantage, benefit and best interests of the said estate, and those interested therein, that said property be sold;

It is therefore ordered, by the said Superior Court of Mendocino County, that all persons interested in the said Estate of Benjamin S. Colwell, deceased, appear before said Superior Court, on Monday, the 13th day of November, 1905, at 10 o'clock A. M. of said day, at the Court Room of the Court House in Ukiah City, Mendocino County, State of California, then and there to show cause if any they have, why the said order should not be made directing and authorizing said Administrator to sell the said real property above described at private sale, or so much of said property as is necessary, for the purposes mentioned in said petition.

It is further ordered, that a copy of this order be published in the Mendocino Dispatch Democrat, a weekly newspaper printed and published in said Mendocino County, California, for at least four successive weeks prior to the said 13th day of November, 1905.

J. Q. WHITE,
Judge of the Superior Court.

FOR THE LITTLE ONES.

How to Play Hop Over, a Jolly, Jumping Outdoor Game.

It is said a person must be "awfully old" not to enjoy this game.

Stand all the players in a ring, about two feet apart, except one player, who must stand in the center. He must hold one end of a long, strong string. To the other end tie a book or any other article of similar shape and weight, wrapped up in paper.

Now the player in the center must whirl the parcel around and around the circle on the floor. The game is that any one whose feet are touched by the parcel or the string must be "it" and take his place in the center. Consequently, in order to escape this awful penalty, every player must jump over the parcel or string whenever it comes around his way.

Of course the book is whirled around faster and faster every time, so you can imagine the lively jumping that goes on. And woe to the slow one! For it is likely that the string or parcel will not merely touch his feet, but wind round and round his ankles, making him a hopeless prisoner.

Try this game, boys and girls. It is a jolly one for out of doors.

Game of Fly Feather.

This is an old English amusement, described by Mrs. Burton Kingsland, which affords lots of fun. The players put their chairs together to form a close circle. A small downy feather with a very short stem is procured and thrown as high as possible in the air. It is then blown, the object of each player being not to be touched by it. The person it falls upon pays a forfeit, and this is redeemed at the end of the game.

It must not be blown too violently or it will fly so high that it will be difficult to reach, and the one who blows it outside the circle must also pay a forfeit.

When children play it they usually prefer to dance around in pursuit of it, but they must not let go each other's hands to catch it in its descent. The player who goes through three rounds without being touched wins the game.

The Province of Alberta.

Alberta, the vast new province of northwestern Canada, carries in its name a compliment to Princess Louise, whose full name is Louise Caroline Alberta. It has, moreover, the distinction to have been named in worthy poetical strains, as shown in this name stanza by the Marquis of Lorne:

In token of the love which thou hast shown
For this wide land of freedom, I have named
A province vast and for its beauty famed
By thy dear name to be hereafter known.
Alberta shall it be!

NEW APPENDICITIS FAD.

Dr. Pond of Liverpool airs a new appendicitis theory in the London Lancet.

He says that appendicitis and other such ailments can often be attributed to antimonial poisoning, and the source of the antimony taken up by man is said to be the rubber rings which are frequently used to close bottles.

Dr. Pond has proved that such rings consist of almost one-third their weight of antimony. The antimony is not only dissolved by mineral waters containing alkalis and organic acids, but these rubber rings soon become brittle, and some of the compound falls into the vessels.

Dr. Pond claims to have found that antimony can become the source of disturbances of the nutritive and digestive systems, especially through continued weakening of the muscles of the stomach and intestines.

Two Miles a Minute.

The Belgian administration has asked the congress to appropriate $10,615,000 for a new railway into Germany via Louvain, St. Trond and Argenteau.

The new line will help to meet the close competition of the Dutch railways. Every effort will be put forth to make travel as comfortable as possible and to increase speed as far as is consistent with safety. It is hoped that the speed will reach 120 miles an hour. There will be no grade crossings, the grades will be light, and the radius of every curve will be at least 2,000 yards.

The projected road will connect central Germany with Antwerp, the port of entry into Belgium.—Consul McNally, Liege, Belgium, in Consular Reports.

THE SAN FRANCISCO ELECTION

San Francisco has had her election and Mayor Schmitz was reelected for the third time by over 11,000 majority, carrying all the Union Labor candidates with them. This is something remarkable everything being considered, Both of the old parties had "fused" in order to defeat the Union Labor candidates, but failed ingloriously. Just why the Democratic party "fused" with the enemy of 100 years to defeat the laboring men is beyond our ken. If the laboring man has any place in politics it is certainly in the Democratic party. There should be no necessity of the laboring man going outside of the Democratic party and forming a Union Labor party or any other party if the Democratic party will only be democratic. But in San Francisco we have the spectacle of those in control of the party driving the laboring men out of the party and then "fusing" with the arch enemy of 100 years in order to defeat the working man. Such brilliant politics has resulted in the complete annihilation of the party in San Francisco. And Mayor Schmitz beat the whole bunch, Democrats, Republicans and all.

One thing that contributed to the election of Schmitz was the tirade of abuse dished out by the Call, Chronicle and Bulletin and the intemperate language of the fusion speakers. It is evident that everybody that voted for Schmitz was not a crook or a lewd person. No campaign can be carried on successfully in this enlightened age by resorting to vilification. Mayor Schmitz and Abe Ruef now have control of the Republican machine in San Francisco politics and E. E Schmitz will be a strong candidate before the Republican convention for Governor next year. He would like to get even with "Bolo" Pardee for putting his nose into the fight, and he doubtless will. There is likely to be a great split in the ranks of the G. O. P. Schmitz' victory Tuesday will make such a thing possible, and that's wherein the Democratic party was benefited by Tuesday's election Pooh pooh the idea as much as you please, but the man that fails to figure Schmitz as a factor in State politics overlooks his hand.

TUESDAY'S ELECTION FURNISHES SURPRISES

The election in San Francisco last Tuesday was watched with keen interest by the people of the interior because of the sensational fight made against Schmitz, the thrice elected Union Labor candidate, who was running for the third term as Mayor.

Schmitz's victory was not wholly unexpected by the knowing ones of the city, and the general impression prevails that the outcome was not so much a victory for Schmitz as a victory for organized labor. The entire Union Labor ticket was elected.

In the East there was also several surprises. The Republican majority in Ohio of 263,000 has been overcome and the Democratic ticket elected by about 50,000. The Republican machine appears to have become so large as to be unwieldy and burst from its very size.

In New York city McClellan appears to be elected Mayor by about 30,00 plurality, altho Hearst, the Municipal Ownership candidate claims that he was elected but that Tammany is trying to rob him of his victory. Hearst has already taken legal steps to contest the election.

Following are the results in the various places as given by the telegraphic reports:

San Francisco—The total vote cast at Tuesday's election in San Francisco for the head of the ticket was 71,033, which was divided as follows: Schmitz, 40,131; Partridge, 28,687; Gastner, 1,686. The vote on the license question was 42,373, of which 22,382 was against and 19,911 for the proposed raise from $84 a year to $500. The ticket elected is as follows, all being Union Labor nominees:

Mayor, Eugene Schmitz; Auditor, S. W. Horton; Sheriff, T. F. O'Neil; City Attorney, W. G. Burke; District Attorney, W. H. Langdon; County Clerk, H. I. Mulcrevy; Tax Collector, J. F. Nichols; Treasurer, G. A. Bantel; Recorder J. H. Nelson; Coroner, W. J. Walsh; Public Administrator, J. A. Stulz.

The Union Labor candidates for supervisors and police judges were also elected.

Ohio—Incomplete returns from all the counties in the State show the Democrats have carried the State by from 50,000 to 60,000 majority. The Democrats claim it by 60,000 while the Republicans will only concede [illegible]000.

John M. Pattison has been elected Governor and all the ticket has been elected if the majority runs as high as 60,000. Both houses of the Legislature are safely Democratic, the Senate by three or four and the House by from six to nine. Herrick ran behind the Republican ticket fully 50,000.

New Jersey—Late returns from Hudson county indicate that the Republicans have elected their entire twelve Assemblymen. By reason of this the Democrats will probably not have more than three members of the Assembly.

New York—The sensational fight against the hosts of Tammany has just been begun by W. R. Hearst. He secured a number of the ablest counselors of the State, and announces that he will fight the alleged victory of Tammany. He claims to have been elected by 10,000 while Tammany votes to the number of 30,000 were cast on the names of filched voters.

On the showing made by Hearst people Judge Graynor last night ordered the police to turn over to the election bureau all the ballot boxes which have been in the custody of the police. It is alleged that Tammany printers were busy Tuesday night printing ballots to be used in falsifying the returns. At first the police refused to obey the order, but finally the sergeant in command turned them over.

When the boxes began to accumulate it was found that the boxes containing the stubs and destroyed ballots by which the votes can be checked off, one precinct was missing, while the box containing the irregular and imperfect ballots of another district was also missing. If these have been destroyed it will prevent to a great extent the checking up of the ballots when they are taken into court.

Hearst declares that he is in the fight for the present, next week, next month, and next year, and he is determined that dishonesty shall not prosper. It is said that he has invited the most noted jurist in the country to asisst in the coming fight. It is believed that he refers to Joseph Choate. Ivins and Jerome have offered to do all in their power to assist him.

Maryland—Both branches of the Legislature will be Democratic, and for State Controller, the only officer to be elected, the Democratic candidate is victorious by about 8,500. The constitutional amendment disfranchising the negro has been defeated by about 29,000.

The National Ice Company, the largest concern of the kind on the Coast, has announced the intention of building a big plant at Santa Rosa to supply Sonoma, Marin and [illegible] counties. A cold storage [illegible] is also contemplated it is [illegible] Ukiah will undoubtedly welcome the competition in the ice [illegible]

LAWSON SAVES COUNTY $1051

Bids for building the bridge across Indian creek were opened by the board of supervisors this week. The contract was awarded to Charles Lawson, brother of Supervisor Lawson, for $699. The bid of Healey, Tibbets & Co. was for $1750.

It will be seen that Lawson, a local contractor, has saved the county $1051. Let more of our local contractors that pay taxes come to the front and help wrest the bridge work from San Francisco firms.

To the Public

After having resided in Ukiah for the past six months, during which time I have treated many obstinate and chronic cases, I hereby announce that if there is a case which I have treated during my practice here wherein the patient is not satisfied I will refund all charges. I am impelled to do this by a sense of justice to myself as well as the public.

COMMUNICATION FROM E. B. GIBSON.

Offer to Refund Money if Hyomei Does Not Cure Catarrh

To the Editor of the Dispatch:

We have been asked recently if the advertisements printed in your columns regarding Hyomei were true, where we offer to refund the money if this treatment does not cure catarrh. We wish you would please print this letter in as conspicuous a place as possible in your paper, saying that we absolutely agree to refund the money to any purchaser of a Hyomei outfit if it does not cure catarrh.

This outfit consists of an inhaler of a convenient size to be carried in the vest pocket so that the user can breathe Hyomei four or five times daily. With this is included a medicine dropper and a bottle of Hyomei. The outfit sells for $1.00 and is a most economical treatment, for the inhaler lasts a lifetime and there is enough Hyomei for several weeks' use while extra bottles can be obtained for 50 cents.

We trust this letter will settle any doubts that may have arisen as to our willingness to refund the money for a Hyomei outfit, in case the purchaser is not perfectly satisfied.

We wish to say emphatically that our guarantee holds good, and we will refund the money to any dissatisfied purchaser who simply states that he has used the treatment according to directions and not been helped.

Respectfully yours,
E. B. GIBSON.
